ALAN B. STONE, MD JOINS NIGHTRAYS RADIOLOGY AS NEW, VP OF MEDICAL SERVICES

HOUSTON, TX (September 22, 2008) – Leading teleradiology provider, NightRays Radiology, announced today the appointment of Alan B. Stone, MD to Vice President of Medical Services.

In his new role, Dr. Stone will oversee all management responsibilities related to daily medical activities including scheduling, recruitment, continuing education, quality assurance and imaging protocol. He will also manage all hospital-physician relationships, join executive committee meetings and field questions about NightRays' services.

"We are pleased to usher Dr. Stone into his position as VP of medical services and we look forward to his continued tenure with," said Greg Rose, MD and chief executive officer of NightRays Radiology. "His understanding of our services, his experience in the medical field and his specialized expertise make him the perfect candidate for this role."

Dr. Stone has been a diagnostic radiologist with NightRays since 2006. He recently retired from the Air Force Reserves, completing 30 years of military service, with valuable experience in leadership and management.

Board certified in both diagnostic radiology and clinical/anatomic pathology with a special interest in early detection of breast cancer, Dr. Stone brings a unique perspective to NightRays.

"Dr. Stone is no stranger to our company and will bring a wealth of knowledge and experience to his new position," said Dr. Rose. "Continued growth at NightRays means that new and exciting opportunities exist for those who want to grow with us. Dr. Stone will help guide the clinical arm of our business to an important stakeholder group, the physicians and hospitals with whom we work."

While attending The University of Utah, Dr. Stone majored in pharmacy and in 1990, completed medical school at the Uniformed Services University of the Health Sciences in Bethesda, MD. He furthered his education by participating in an anatomic/clinical pathology residency and graduated from Wilford Hall US Air Force Medical Center in San Antonio, TX in 1995. In 2002, Dr. Stone began a second residency at the San Antonio Uniformed Services Health Education Consortium focusing on diagnostic radiology, and graduated in 2006.
